Home Connection 15 Worksheet (cont.)

2 Label each array frame below. Then fill it in with labeled rectangles. Write an equation to show how you got the total, and then write a multiplication sentence to match the array. Cut out the base ten pieces on page 45 if you want to build the arrays.

Labeled Array Frame & Rectangles	Addition Equation	Multiplication Equation
example	40 + 16 = 56	4 × 14 = 56
a		
b		
c
